

Hello, most of you may know me but some may not. I am Desiree, and I am excited to bring my experience and dedication to our community through this election campaign. With running Rules the last two years, I have honed my skills in understanding rules and covenants to ensure fair and just decision-making. I have a proven track record of actively listening to the community and collaborating effectively with others to achieve common goals and equality for all. If voted back in, I would also like to delve into security more and actively work with Jefferson County Sheriffs to use our guard shack as a hot spot to hopefully help deter some trouble makers especially in summer months. Even still, I want to finally act on making a group watch committee for our community. We know we need security but if we can do it in house until we can get night guards why not do it? We know Raintree better than anyone else. We have people who would love to help out and it's time we start letting those that can and will help actually do it.

Transparency and community betterment are at the core of my values and vision. I am committed to fostering an environment of openness and accountability in all my actions. My focus is always on working towards the betterment of our community, ensuring that every voice is heard, and that progress is made for the collective benefit of all. By voting for me, you are choosing a candidate who will prioritize fairness, collaboration, and the overall improvement of our community. Together, let's build a stronger, more inclusive future for everyone. Thank you for your support!
